

MDR applied for a permit for the December 31, 2010 Dash.

Due to the fact it is a holiday weekend the BLM states they will not have the manpower to send to Plaster City for the race.

The El Centro BLM also has to patrol the Dunes and the Superstition areas, so holiday weekends will be a problem for the BLM to staff.

We did request an alternate date but time is running short so The December 31, 2010 Dash will not take place this year.

We will now start working on the Dash for 2011.

Any input regarding an alternate date please contact us.
